

IRONBANK

From the Church, on the corner of IRONBANK and POLE ROADS, head north down Ironbank Road to NIOKA DRIVE on the right. Locate GATE 12 (and stile) on the left. Cross over the stile into the MARK OLIPHANT CONSERVATION PARK. After negotiating a little wet area (especially in winter) just in from the stile, follow the wide NIOKA TRACK through the park to the LOFTIA TRACK intersection. Go right and follow this track until you see some buildings and a Notice Board (passing the skink and the bandicoot trails on the left). Continue along the wide track (ignoring all other tracks) to the SOUTHERN BROWN BANDICOOT TRACK on the right. Follow this very steep trail up to EVANS DRIVE (a dirt road), go left and follow this road to the bitumen. Here, cross the road onto the wide verge opposite Evans Drive, go left then right onto the dirt track (COAT ROAD) and follow this track (passing Wirra Birra Springs Private Sanctuary and Bed & Breakfast) back to Pole Road where you go left for the return back to the Church.
