

Simple steps to preparing your property

Every step helps everyone

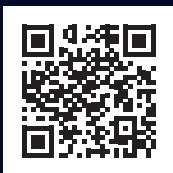

- Remove overhanging branches and tree limbs
- Clear up small twigs and sticks on the ground
- Check for flammable materials around the house, clear gutters and remove leaf litter and wood piles
- Make use of our free green waste drop off days
- Visit our Readiness page to find out how you can help maintain your verge, and to check out our fire safer planting guide
- Check our website for burning and fire guidelines

Who else is part of your plan?

- Thought about your kids?
- Talked to your neighbours?
- What about renters? Support your tenants, you could even send them a copy of this list
- Are there vulnerable members of your community you can help out?
- What will you do with your animals?
