

Adelaide Hills Council manages a large majority of the road network within the Council boundary, however most main roads connecting townships are managed and maintained by the Department of Planning, Transport and Infrastructure (DPTI) on behalf of the State Government.

A list of these roads is provided below.

When seeking to raise a query or concern about a particular road in the AHC district, please consult this list first to determine which road authority your query or concern is best directed to. Queries or concerns regarding State Government owned roads within the Adelaide Hills Council boundaries [can be submitted online here](#).
